About:

I am a frontend developer with good knowledge of both Core JS and frameworks such as Angular and React. I also know how to develop a backend both on pure Node JS and using frameworks like Express. I am constantly learning and developing my knowledge in practice. I like to solve complex tasks and find extraordinary solutions. I am socially active, sociable, quickly find a common language with others. I am purposeful, quick to learn, and open to your offers

Education:

2017-2019
Belarusian State University of Informatics and Radioelectronics
Bachelor Degree in Computer Science (uncompleted)

2021
Rolling Scopes School
